

Cookies

A cookie refers to a file that is sent in order to request permission to be stored on your computer, by accepting that said file is created, the cookie then serves to have information regarding web traffic, and also facilitates future visits to a recurring web. Another function that cookies have is that with them the web can recognize you individually and therefore provide you with the best personalized service on your web.

Cookies are used for marketing and analytics uses. If you do not want this, you can block cookies from our site under your preferences.

Our website uses cookies to be able to identify the pages that are visited and their frequency. This information is used only for statistical analysis and then the information is permanently deleted.

Remember that you can delete cookies at any time from your computer. However, cookies help to provide a better service for websites, they do not give access to information about you or your computer, unless you want to and directly provide you with visits to a website. You can accept or deny the use of cookies, however, most browsers automatically accept cookies as it serves to have a better web service. You can also change your computer settings to reject cookies. If they are rejected, you may not be able to use some of our services.
